1. Fundraisers involving the sale and/or consumption of alcohol will be limited to partnering with establishments who are licensed to sell alcoholic beverages.
2. Fundraisers involving the sale and/or consumption of alcohol may not take place on or within 500 feet of school grounds.
3. Fundraisers involving alcohol sales and/or consumption must be targeted towards adults and may not be marketed to or through children. The school must make best efforts to communicate these events directly to adults.

  - b. The school reasonably presumes that communication through channels directed towards parents (such as those listed in 3a) is going directly to adults, not to children.
  - c. Specifically prohibited methods of marketing alcohol-inclusive fundraisers include sending fliers home with children, and asking children to communicate the fundraiser to their parents.
