

Review mission and goals at each meeting. State law requires that every school have a School Accountability Committee (SAC). The purpose of the committee is to inform, encourage, and provide opportunities for parent and community members to be involved in overseeing the planning and evaluation of the school's instructional programs & policies, quality improvement processes, and academic achievement. Each SAC is comprised of parents, community members, principals (directors), and teachers.

Topics discussed at SAC include: • Data concerning Testing and Assessments • School's Unified Improvement Plan (UIP) * Academic Excellence * Current school issues
